PLANTATION JOURNAL

2021-2022

Strip Plantation

Range : Companigonj Range.

SFPC: Companigonj SFPC

Area : 45.0 (Seedling) Kilometers

**Project : Sustainable Forests &
Livelihoods (SUFAL) Project.**

Coastal Forest Division, Noakhali.

Basic Information:

1. District	:	Noakhali
2. Forest Division	:	Coastal Forest Division, Noakhali.
3. Upazila	:	Companigonj
4. SFPC	:	Companigonj SFPC
5. Range	:	Companigonj Range
6. Union	:	2no. Char Parbuti.
7. Project	:	Sustainable Forests & Livelihoods (SUFAL) Project.
8. Area	:	45.0 (Seedling) Kilometers.
9. Place	:	1. 2 no. Charparvati union, Ward No. 5 east of Janata Bazar from Mara Gang Canal to Chairman Ghat to BaraBari - 10.0 k.m. 2. Kaw Majhi New Bari to Mahbullar Ghat, south to Noor Islam Mia Project, south to the east side of Malta Bagan - 18. k.m 3. West side of Malta Bagan from east side of Bongar Canal past Char Parvati embankment to East Mehrunnecha Shelter Project - 10.0. k.m 4. South of Moulvi Bazar of Char Parvati Union on east bank of Chhota Feni River Char Purbani 9th Ward North and South - 7.0k.m.
10. Species	:	Jhaw, Raintree, Akashmoni, Mehogoni, Menjiam, Neem, Arjun, Guava, Amloki, Tetul, Jackfruit, Jam. Khejur, Boro, Babla, Natai, Ipil-ipil, Shisu, Gamar, Koronja etc.
11. No. of seedlings	:	45,000 (Fourty five thousand).
12. No. of Participants Social	:	225 person Beneficiaries selected as per Forestry Rules-2004 (as amended till 2011) and Approved by Companigonj Upazila Environment & Forest Committee.
13. Site Selection Criteria	:	The plantation site is selected through the meeting With UP Chairman, UP Members and other local Elites. In that meeting BFD Officials inform to the attendees about the suitability, essentiality and vitality of the sub-project. This site is not only selected for economic, social value but also for

global environmental climate change mitigations options in reducing global weather patterns on broad perspectives.

- | | | |
|------------------------------|---|---|
| 14. Species selection | : | When the best possible information has been collected on the characteristics of the site to be planted, the next step is the selection of the tree species to plant. The aim is to choose species which are suited to the site, will remain healthy throughout the anticipated rotation, will produce acceptable growth and yield, and will meet the objectives of the plantation (fuel wood production, protection etc.). |
| 15. Time of planting | : | The planting season (June) generally coincides with the Rainy season; usually, planting is started as soon as a specified quantity of rain has fallen. This amount of precipitation must be judged on the basis of local knowledge. Planting can also be initiated when the soil is wet to a specified depth (approximately 20 centimeters). |
| 16. Edaphic Condition | : | The plantation site is a rustic/pastoral/rural. Soils are mainly grey to olive, deep, silt loams. Organic matter. contents are medium Newly constructed road by Union Parishad. |
| 17. Topography | : | Slopes on both sides of the road where rainwater does not accumulate and there is no difficulty in moving vehicles along the road which is suitable for planting. |
| 18. Soil structure | : | Sandy loam soil. |
| 19. Climate Condition | : | The climate of Noakhali is largely tropical and humid. Noakhali is known as a coastal district while the climate variations are often hazardous and devastating. Naturally, the maximum rainfall occurs and number of rainy days occurs in July and August (698.7 mm. On the other hand, highest rainfall occurs 2691 mm in monsoon (June, July, August and September). After the post monsoon (October and November), the rainfall drops down to average 1459 mm. In addition, the temperature of Noakhali is mild pattern. May is the hottest temperature upto 31.9 ° C and January is the lowest temperature up to 14.9 ° C. |
| 20. Planting method | : | The plantation site is a enbankment area. On the |

month of June, both sides of the embankment area, bushes have been cleaned to make suitable for the plantation. On the same month, Arhar has also been given with a view to support the seedlings by making line at both sides of embankment area.

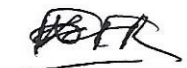

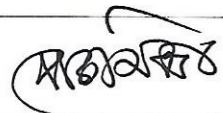

On the following month, pits have been done with the size of 30cm × 30cm × 30cm keeping distance in between pits 2m. Moreover, mixed Cowdung and Chemical Fertilizer put into the pits according to the SUFAL Manual's land preparation for the plantation. For raising strip plantation, 45000 (Forty five thousand) matured seedlings of several species such as Jhaw, Raintree, Akashmoni, Mehogoni, Menjiam, Neem, Arjun, Guava, Amloki, Tetul, Jackfruit, Jam, Khejur, Boro, Babla, Natai, Ipil-ipil, Shisu, Gamar, Koronja etc. have been planted in the nourished/ prepared pits. After that, 5 ft size sticks put in the soil which are tied by the rope with the seedlings. Since, there are the chances of grazing and other unavoidable harmful activities, a number of Watchers have been appointed to tackle the plantation site from damage and deterioration. Besides, selected beneficiaries and field level staff of the Forest Department are also looking after the plantation site. An Agreement between the Forest Department acting on behalf of The Government of the People's Republic of Bangladesh (1st Party) and Land Owning Agencies (2nd Party) and Group of Local Participants-Selected Beneficiaries (Third Party) is or will be done. Furthermore, a committee will also be formed within the plantation site from the selected beneficiaries to make sustainable of the ongoing 45.0 Seedling Km Strip Plantation.

21. Name & Designation of the Officers & stuffs Involved in the Plantation

Raising ActivitiesA.

- A. Mr. Md. Farid Meah, DFO.
- B. Mr. Kazi Tarikur Rahman, ACF.
- C. Mr. Md. Firoj Alom Chowdhury, Forest Ranger, Range Officer
- D. Gias Uddin, Officer in charge, Companigonj SFPC.
- E. Mr. Yeasin Khondakar, Forest Guard.
- F. Mr. Md. Atahar Ali, Forest Guard.
- G. Mr. Sribhas Chandra Mazumdar, Plantation Mali.

22. Signature of the officers Involved in the Raising Plantation Activities :

Sl. No.	Designation	Signature
01.	Officer in charge, Companigonj SFPC.	 নিজাম উদ্দিন, ফটকগাঁও জলদাশ কলিকতা কোম্পানীগঞ্জ সফপিস-৬৬ উদ্ভিদগোষ্ঠী বন বিভাগ, ঢাকা
02.	Range Officer, Companigonj Range.	 Md. Hossain Chowdhury Range Officer Companigonj Range Coastal Forest Division, Noakhali
03.	Assistant Conservator of Forest (ACF) Coastal Forest Division, Noakhali.	
04.	Divisional Forest Officer(DFO) Coastal Forest Division, Noakhali.	 (Md Farid Meah) Deputy Conservator of forests Divisional Forest Officer Coastal Forest Division, Noakhali.

Cost statement of creation 45.0 Km. Strip Plantation in 2021-2022 at Char Balua beat of Companigonj range :

SL NO	Voucher No.& Month	Amount
01	21/Compa Of June/22	2,75,500/-
02	22/Compa Of June/22	2,75,500/-
Expenses for delivery of goods by the contractor =		5,51,000/-
total =		<u>2,99,250</u>
		8,50,500/-

In Word: Eight lac fifty thousand five hundred taka only.

Inspection Sheet

Date	Inspection	Comments
14/9/2022	Visited the strip plantation of Company gang FSPC. During inspection DFO, Coastal Afforestation Division, Noakhali, ACF, Noakhali District, Range officer Company gang and ACF Laxmipur, and concerned staffs were present. Total area of the plantation is 45 seedling Km and visited portion is 14 Km (seedling). The present condition of the plantation is good. Survival % of seedlings is 98%. The growths of the seedlings are satisfactory. Average ht. of the seedlings found 4'-0". The number of species are found as mentioned in the basic information chapter of the journal. Every body present here are advised to upkeep the present condition always.  14.9.2022
